

Application Serial No.: 10/613,262

RESTRICTION PRESENTED

The claims have been restricted into the following groups of inventions:

<u>Groups</u>	<u>Claims</u>	<u>Subject Matter</u>
I	2, 8 and 18	A method of treating cancer comprising administering an angiogenesis-related antigenic polypeptide.
II	3 and 8	A method of treating cancer comprising administering a nucleic acid encoding an angiogenesis-related antigenic polypeptide.
III	4-5 and 7-8	A method of treating cancer comprising administering antigen presenting cells pulsed with at least one angiogenesis-related antigenic polypeptide.
IV	4, 6-9, and 16	A method of treating cancer comprising administering antigen presenting cells transfected with mRNA encoding an angiogenesis-related antigenic polypeptide.
V	11-12 and 14	A composition comprising antigen presenting cells pulsed with an angiogenesis related antigen and further pulsed with a tumor antigen.
VI	11-12 and 14-15	A composition comprising antigen presenting cells pulsed with an angiogenesis related antigen and further transfected with mRNA encoding a tumor antigen.
VII	11-14	A composition comprising antigen presenting cells transfected with an mRNA encoding an angiogenesis related antigen and further pulsed with a tumor antigen.
